## South Carolina State Parks

at 16:15:00 on 6/20/2016 UTC · 🌐

We were so happy to welcome the Watts Family again this year at Kings Mountain for their annual Father's Day fishing trip. George Watts, (center) is 89 years old and began visiting the park as a member of Woodmen of the World in the 70's. This is the 10th year three generations of this family have come to fish at Lake York on the Saturday before Father's Day. George is shown with his sons Reggie and Wayne (beside him) and grandson (far left). Also pictured is Park Manager Shea Joyner. We hope you all had a great Father's Day!
