I'm not sure if you would be the one to possibly answer this email. Thanks for any help.

Hi Chaney,

I hope you're doing well. Just a couple of quick questions. Is the Governor monitoring the situation in Greenwood County regarding DHEC's investigation into the outbreak that has killed one little boy already and now 8 are sick with two now hospitalized?

A lot of parents are worried DHEC once again dropped the ball on notifying parents about situation especially after news today that the bacteria was found back in May. Many are asking if Miles Mayfield's death could have been prevented if parents were notified earlier on.

Can we get a statement from the Governor about the situation unfolding and the concern these parents have tonight with DHEC?

Thanks,

Cody Alcorn
