Hi Swati –

We are all okay with an 8:30 meeting on the budget and going forward plan on CSES. However, Lillian wants to make sure we can keep the 12:00 meeting with Josh as we have other budget issues to address and she will have to leave at 9:15 for the cabinet meeting. Is this okay?

Thanks, Katie

Lillian,

Due to the cabinet meeting which is scheduled for 9:30 on Monday, can we move the DSS budget meeting – to include a discussion of the CSES project and going forward plan – to 8:30? I have asked Christian and Josh to hear DSS' CSES plans from both the budget and technical perspective.

Let us know if this works for you and your folks.

Swati
