[Webinar] Retirement Security: Best Practices for a Secure Retirement

Americans are living longer than ever; as a result, older adults have more opportunity to enhance the economy, enrich their communities, and enjoy their families. But longer lives can also bring challenges to Americans' financial security. Additionally, as private pension options change, and fewer workers spend their careers with a single employer, the sources of retirement security are changing, too. This webinar will provide an overview of best practices to help ensure greater opportunity and ability to enjoy a financially secure retirement.

The webinar will be held on Thursday, April 23, 2015, 3-4 p.m. EDT.

The webinar will feature:

Cindy Hounsell
President
WISER, the Women's Institute for a Secure Retirement

J. Mark Iwry
Senior Advisory to the Secretary of the Treasury and
Deputy Assistant Secretary for Retirement and Health Policy
U.S. Treasury Department

David Laibson
The Robert I. Goldman Professor of Economics
Harvard University

Nora Super
Executive Director
2015 White House Conference on Aging

We hope you will join this engaging discussion about best practices to help ensure a financially secure retirement. Participants will have the opportunity to submit questions during the webinar.
