scstateparks A Tidbit Tuesday from #SCStateParks- As cute as this guy may seem, be sure to keep him wild! Feeding wildlife changes the natural behaviors of wild animals, and human food is unhealthy for them. Keep these creatures safe and be sure to close garbage lids tightly!

itsalexas We had one break into a box of little hug juice barrels in Huntington Beach state park back in May....he sampled lots of flavors, but preferred orange...drank two of those, and only tasted a bit of the others! Haha!

[mikebuckaloo](#) We had one stand on a table that was against our camper and open the door. Took a quart size bag of dog food. After that I locked the door every night and around midnight you would here him trying to open the door. That was at Edisto last week.

[lazy2j](#) We are so fortunate in SC. Our state parks are the best. I think our rangers, staff and all volunteers volunteers are just great folks that maintain our parks very well.
