Department of Health & Human Services  
OFFICE OF THE DIRECTOR

Ms. Emma Forkner, Director  
SC Department of Health and Human Services  
P.O. Box 8206  
Columbia, SC 29202

Dear *Ms. Forkner*,

The Department of Social Services is responsible for the Child Support Enforcement Program for South Carolina. Recently the Department contracted with Saber Software Corporation to develop a federally mandated Child Support Enforcement System (CSES) for collection and disbursement of child support. Based on the current project schedule, CSES will be operational statewide by June, 2010. Your agency is currently providing information to and/or receiving information from the Department to support the Child Support Enforcement program and this interchange of information will need to continue when CSES is operational in 2010.

As the CSES application is developed, we may find that some of the information and technical requirements for this interface may change, potentially requiring some changes on your agency's system that provides or receives the information. To help ensure that these changes are coordinated between our two agencies, we are updating our contact information (person name, e-mail address and telephone number) for your agency. This information should be e-mailed to Al Lozano ([alozano@cfssc.org](mailto:alozano@cfssc.org)).

Listed below is the information/or interface that Child Support currently obtains:  
*Medicaid recipient and eligibility information; Third Party Liability-  
health insurance information; new hire information.*

Well in advance of development activities related to this interface, we will contact your designated person directly to exchange information about the new application, the new technical requirements, and the expected implementation schedule. If necessary we may request that this individual spend a minimal amount of time working with our project team and with Saber to ensure that the interface is correctly designed and tested.

Your assistance in this matter is greatly appreciated. If you have questions, please feel free to contact Roger Bryant at 454.71113.

Sincerely,

Kathleen M. Hayes, Ph.D.  
State Director

Hello Brannon and Matthew,

Saber Corporation and the state team are currently working on developing the federally mandated Child Support Enforcement system. We are planning to begin the JAD sessions on interfaces sometime between January and March 2008. I will be contacting you as your part of the interface comes up on the schedule. In the mean time if you have any questions, please do not hesitate to contact me. Again, thank you for your support.

Happy Holidays!
