Dear Governor Haley,

I am extremely concerned about BATFE's initiative to ban M855 ammo. I worry that it is a "stepping stone" to banning other types of ammo. I believe BATFE's sole purpose is to harass owners of AR-15 rifles and deter others from possible purchasing an AR-15. I am under the impression that it is a politically motivated move initiated by the President and his administration.

As a South Carolina legislator you should be well aware of South Carolina's fierce independent history and pro gun constituents. The current efforts of BATFE are in directly contradict the views held by the majority of South Carolinian's. I sincerely hope that you will do all that you can to oppose BATFE's measures to interfere with gun rights.

Sincerely,
Charles Pearman
