Tony

I hope you are doing well. I am following up on prior conversations you had with MJM about our solution for senior centers and their systems for capturing, tracking, and maintaining the activities, meals, etc of their seniors.

I was hoping to speak with you about our system and if it may be a solution that can provide benefit to your centers. Let me know when you have a few minutes to speak. I have attached information about our SENIORSTAT system.

Thank you

Regards,

Todd Smith
