Subject: HELP

---

Hal – I am printing and putting together a huge notebook for the Richland County Recreation Committee Hearing. We want to deliver 3 notebooks on Monday. The fourth is mine. Can I have help from the interns this afternoon (if they are in) and Monday to accomplish this? I need to get the first one done which should be accomplished soon – I have made it electronically. Just need to print it now. Hope to have a large part done within an hour.
