Subject: MIPPA FFR Reporting Via GrantSolutions

MIPPA Cooperative Agreement Recipients:

A report generated from GrantSolutions revealed that the Federal Financial Report (FFR), SF-425 for the quarter ending 9/30/13, has not yet been submitted for your cooperative agreement. The status of the FFR report submission is either "Work in Progress," or "Report Not Started." Because this report was due right after the cooperative agreement was awarded, it will more than likely state \$0 in expenditures.

If you haven't done so already, please submit the FFR via GS before December 31, 2013. After that date GS will be locked down and you won't be able to submit the FFR via this module. Once locked down, the only other means would be to upload the report via a Grant Note in GS. If you encounter any problems along the way, or have any questions regarding submitting this report, please contact Portsha Franklin at Portsha.franklin@grantsolutions.gov.

I appreciate your cooperation. Thanks so much!
