2009-2010 Legislative Session

Legislative News is a publication prepared and distributed by the SCDMH Office of Public Affairs to keep you informed of bills introduced in the General Assembly that may affect DMH, mental health, health care issues, or employee issues. In addition, we will provide budget information and general news from the General Assembly. You can also access the complete bills online by clicking the link at the end of each description, OR visiting <http://www.scstatehouse.net>.

This publication is also available on the DMH Internet and Intranet sites. However, if you do not have access to the site and wish to receive a copy of the update, call us, and we will send you one in the mail. If at any time you have questions or need more information about bills or other legislative issues, contact Alyce McEachern in the Office of Public Affairs by email at acm83@scdmh.org, or by phone at (803) 898-8585.

Budget Update

The General Assembly passed the Appropriations bill on June 3, 2010. The Governor returned his vetoes on June 9th. Vetoes were considered in the House on June 16th. The Senate began its deliberations on vetoes on June 17th and will be back in session the week of June 29th to complete its deliberations on the budget vetoes.

The Department of Mental Health will be faced with a \$23.5 million base reduction, but will receive \$9.5 million in one-time funding to partially offset this reduction. The General Assembly had included \$18,357,250 in one-time funding in Part IV of the bill, which was contingent on the federal government's passage of the extension of enhanced funding under Medicaid, but the House failed to override the Governor's veto.

The House and Senate versions both include proviso 21.45, which requires the Department of Health and Human Services to make up any shortfall in disproportionate share funding received by the DMH from the latest fiscal year. This ensures the Department will be held harmless for approximately \$16 million that could be disallowed due to changes in federal guidelines in defining uncompensated care.
