The Governor Haley:

I am writing to offer my utmost, non-wavering support for your continued stance and actions you have taken to uphold the immigration laws of the United States of America. I respect you very much and thank you from the bottom of my heart and soul for standing up for American ideals, laws, and rightfully defined liberties our founding fathers fought so hard to provide to us, the ones who follow in their righteous footsteps.

You are right on the mark and totally correct to point out to EVERYONE what our current laws mean, why they were written that way, and to demand the current "president" must back down and uphold the current laws on the books. Barack Hussein Obama II must be held accountable NOW. Our nation cannot tolerate much more of his executive actions. He is not a king but if we don't watch it, he sure will try to be before he leaves office. We all know he just wants the immigrants made legal so they will vote democratic and the corrosion of our country will continue with the democrats in power.

Make no mistake: I am not a republican or democrat. I make up my own mind after performing research as to what I agree to and vote accordingly. But since these two parties hold the majority of votes, I must write to those who seem to have the most common sense and good purposes for all Americans.

Barack Hussein Obama II must be stopped cold in his tracks NOW. He must be impeached or sued (like our U.S. Customs and Border Patrol patrons are in the process of doing – thank God). Every action I have seen Barack Hussein Obama II has performed has been to either weaken our government, weaken our military, weaken our economy, weaken our morale by dividing our country into either being black or white creating more division among us, or weaken our relationship with our foreign neighbors, weaken our trust (in government by further dividing the democrats from the republicans), weaken our resolve to get people back to work, weaken our infrastructure, and weaken government's transparency.

I am personally convinced Barack Hussein Obama II is out to break American and bring us to our knees. I have not seen him perform one thought or action that demonstrates he has any love for America. I have not seen him perform one positive action to bring American up from the depths of despair, just the opposite. All I've seen is his distaste for our country and he wishes to ruin our very beliefs and souls.

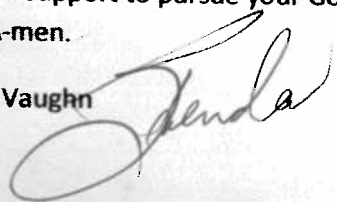

Barack Hussein Obama II is evil. He is of the devil and has a demon spirit in his body. No, I am not a religious nut but I am blessed with powers of observation. I call it like I see it.

Please stop this insane evil man from doing any more harm. Beat him at his own game by out manipulating him or drying up all his purse strings.....or get him out of office for ever-extending his executive powers!!!

If I may be of assistance IN ANY MANNER, please do not hesitate to let me know!!!!

May God bless you and continue to give you the strength, discernment, perseverance, wisdom, true identity in Christ, safety, and support to pursue your God given right to protect the U.S. constitution and immigration laws of our great nation. A-men.
