Subject: State Government of South Carolina - Emergency Alert System

The State Government of South Carolina has partnered with Rave Mobile Safety to provide an emergency alert system capable of delivering messages to your State Government and personal email addresses, as well as your cell phone.

We have enrolled you in the program at no expense to you. We encourage you to login to the Rave Mobile Safety site to confirm your contact information and choose your notification preferences. (Note that your cellular phone provider depending on your plan may charge a per-text message fee for the delivery of emergency notifications to your phone).

To manage your account, please visit <https://www.getrave.com/login/scgov>.

Your username is govhaley@gov.sc.gov.

Your initial password is l9HIQrw6X.

You may sign in using your current State Government email address. You will then be prompted to complete the registration process. Once logged in, you can manage your account by adding mobile phone number to receive text alerts.

If you have any concerns regarding the legitimacy of this email, please contact Matthew Calhoun at 803-603-6799 (MatthewCalhoun@SCDPS.GOV).
