Hi there!
I'm not sure who I need to contact about this, so if it's ok, I'll tell you what I'm thinking and maybe you point me in the right direction?
I'd like to offer a Fine Art Canvas Wrap print in exchange for a stay at a Devils Fork villa, similar to your Artist in Residence program, only better (at least it seems to me that it would be) as you get the chance to know in advance what I am offering. Currently I have a beautiful image of an Oconee Bell photographed at Devils Fork. I've included simulated images (the company that does the canvas printing provides a preview of what the finished product will look like) in large format, the bordered print is a 30x30, the other is 30x40 (if for some reason, these sizes would be too large for your décor, smaller sizes are available). You may also customize the text, if desired.
Thanks for your time and consideration! I hope I'm not being too forward here, but you never know until you ask, right? :)
Thanks again, looking forward to hearing from you..... have a great day!
