Rep. Nanney-

Thanks for getting back to me. Regrettably the Governor is in a meeting down the street from 1:00-2:00 PM today. Based on the group's tight schedule, it seems like this meet and greet is not going to be able to happen. I apologize that this is not going to work out. I hope the group has a wonderful visit to the Statehouse today.

Take care,
Nicole

They have to leave by 2:30. They could meet at 1:30 but it sounds like that is not going to work for her.

The Governor's schedule tomorrow is getting pretty tight. Were you able to find out if this school group would be available at another time?

There seems to have been some confusion with the request for Governor Haley to meet with 70 students from Bob Jones Elementary School. Do you mind sending me the date the timeframe the group will be at the Statehouse next week. I will be happy to take a look at the Governor's availability. I am sorry for the confusion.
