In the event you drive yourself over on Monday, I have added your name to the list of our visitors who will have access to visitor parking on Monday. When the Blake's driver drops them off, they can pull into the parking area in front of the Osborne Administration building (the directions lead them here) which is on the north side of McKissick, where the Visitor Center is located. Gray Blake's name is on that same list but it sounds like they probably won't need it. I just want to cover all contingencies. The courtesy officer who will greet them (and you) will at least be expecting them. Please enter McKissick from the Horseshoe side of the building. Also, please remember it is about a 10 – 12 minute walk to the Moore School so all of you arriving between 1:30 and 1:45 would be most important. I hope this is helpful!

Denise,
Hope all is well. Please call me when you are available – I have a couple questions regarding the tour on Monday. Thank you for your help.

Good afternoon. His visit has been confirmed again, meeting with someone in the Moore School of Business at 2 and then a tour of the building after that. They need to be at the Visitor Center in McKissick at 1:30 (all of which is explained in the email confirmation). Please let me know if I can help further. Thanks for contacting me to help schedule his visit.
