Good Morning Mr. Varat,

We are getting ready to finish the flyers and would like to confirm that November 1st from 5pm-7pm is good for you?

Respectfully,

Good Morning Mr. Varat,

Our exam schedule is packed and out of those days, the 1st of November is the best choice. Waiting until after would put us into final exams week and everyone will be on top of their studies.

No problem. The next best days are the 20th and 29th. If there's any way to wait until they start back to session, then he's there two nights per week, every week. Could that work?

Dear Mr. Varat,

Thank you for your reply, is there another night in November that would work? The only reason I ask is that the third year pharmacy students have a test the following day and will likely miss out if the event is held on the 1st. I do appreciate your patience.

Thank you,

Good afternoon Lieutenant Governor Bryant, My name is Margaret McKenzie and I am a pharmacy student with the South Carolina College of Pharmacy in Columbia, SC. I am the Policy VP of the American Pharmacists Association - Academy of Student Pharmacists. During the fall semester, usually in November, we hold a Pizza and Policy night. This allows us to discuss issues facing Pharmacists with attendees from several different student pharmacy associations. We would be honored to have you speak at our next Pizza and Policy night. If you could speak at our event, we would love it! Please let me know at your earliest convenience and if there is a particular evening/s that would be better for you. Thank you.
