I'm 59 years old and have been diagnosed with ALS. I'm not able to receive SNAP because of drug conviction.(2004) I was released 8-1-12.This timing proved to be catastrophic because I am not eligible for disability. I do receive 480.00 per month and Medicaid ABD. I desperately need Food Stamp eligibility. My work history began in 1969,but ended before the 5 year Rule. I hve tried to be loyal South Carolinian. I am making a compassionate appeal to you for a Pardon which would make enrollable in the EBT-SNAP Program. My Dr. is Carol Kooistra (Neurologist)..Spartanburg,SC.....(864)585-6179
Thank You,George Ramantanin
