Subject: Urgent intv request for World News Tonight w David Muir

Hi Chaney –

I'm a producer at World News Tonight with David Muir and was hoping to find out if Gov. Haley had 10 minutes to do a quick interview with one of our correspondents, Linsey Davis, who is down in Columbia.

This would be for air on World News Tonight with David Muir this evening and possibly Good Morning America tomorrow morning.

Her schedule is flexible – since I know the Governor is probably quite busy today.

I look forward to setting this up, and just so you know I have also tried to get in touch with Rob.

Thank you,
Emily Friedman
