1. 67% of those who have a net income tax liability would benefit from this amendment.
2. The savings per-filer will vary based upon their amount of taxable income. It's not a fixed dollar amount for all filers.
3. Filers with more than \$14,250 of taxable income would benefit.

Here's a revised version of the amendment, based upon the new score I got from BEA this morning (at 6.99% instead of 6.99209%). With this amendment, the amended bill would reduce revenues by about \$831k.
