MAKING BIG MONEY OUT OF THE POLITICAL TURMOIL GOING ON IN AMERICA. FROM ERASMUS OF AMERICA - APRIL16, 2018

Let me begin by reminding people that the 10 times multiplier of loan credit in the Omni Law Loan Program is still available through midnight of April 18, 2018. That means you will be paid back 10 times the loan principal you put into this loan program at this time. And we added the four cures for cancer answers on top of this offer above. Once you get these four cures that reported worked for people using them, you then have public domain information that you can use for yourself, family, or start a health product company with this unique information and hopefully become a millionaire or more with a company founded on these answers which worked for others. One of the answers for example came from a doctor in North Carolina who invented this answer which worked and then turned this over to me saying the medical field would crucify him if they found out that he invented a cheap, fast, and effective cancer cure which worked when tested on terminal cancer patients left to die and instead within days threw off the cancer and were restored to good health within a few short days.

I am repeating below the 10 times multiplier offer as I assume with all the distractions

of news, you have already forgotten what I offered you a few days ago. This offer ends at midnight on April 18, 2018. This also means that you will get 10 times the net profits for 30 years on the Vatican endorsed and strangely also Soviet Union endorsed industrial trade secret food process my father invented which both sides of the Cold War then endorsed could solve the twin problems of malnutrition and starvation in the world and rated this the greatest food discovery in human history as indicated by the Catholic Digest report on it during the Cold War of the 1950's.

Just got a national health report today indicating how most of Americans can get cancer now due to a corrupt national health policy of Wash., D.C. which does not protect the American people from future cancer but sets them up for almost all of Americans to get it later on in America. University tests of the Cold War indicated that the American people would be made immune to cancer if they got this great food discovery of my father in time in their national diet and also protect the other races on this earth from the cancer threat if this was added to their national diets in time as well. I got the nuclear annihilation plans of Russia against America from the Moscow Institute For Nuclear Studies and one of them is the ace that makes Putin of Russia confident that he can annihilate America in case of nuclear war between Russia and America. As President Donald Trump knows, terms of mine have to be met to undo the theft of a large sum of money from me by C.I.A. before President Trump reached the White House and then morally my hands are untied to teach the White House especially this very cunning Russian method of nuclear attack they think America has no national defense against such an attack I spent eleven calendar years in military academies and know why America needs this same answer to checkmate Russia if world war threatening so neither side will attack the other and thus no world war breaks out between America and Russia as each side is too great of a threat to the other to start a world war with. Peace through strength as Pres. Ronald Reagan was committed to as a national defense policy for America. By the way, Wash, D.C. will have to pass my Omni Law to get my German ultimate weapon design left over from Nazi Germany and can even wipe out planets if necessary or easily any military enemy of America on earth so America does not have to fight any future world wars if it wants peace and to be left alone without fighting a world war as the price of survival. I got the most brilliant defense engineer of America in 25 years or so of the Cold War and we completed the Nazi ultimate weapon design and technology I picked up from an Operation paperclip German Nazi group in America and did not realize I got from them the top ultimate weapon design of Nazi Germany was supposed to never be turned over to America, but when the Fourth Reich arose, this would rearm it so a newborn Nazi Germany could then conquer the world this time. I nicknamed this ultimate weapon to wipe out nations or even planets "The Wrath of God!" But my group keeps control of this super ultimate weapon system so it can maintain defense for America but not to be used for offensive wars and invasions as some petty officials might want it to be used for otherwise! Quoting now the 10 times offer again. The F.B.I. quietly sits aside as they know I don't bluff in military intelligence and always have what I claim to

have. If I were a fake, they would have shut me up long ago! So common sense says I am the one to back in America and change the future of America by the powerful trade secret answers I have in civilian and military technology. They of Wash., D.C. have to deal with me for America to have a future!

First time was the roommate to the son of a famous Hollywood Western movie star at the first military school!) Share this report with others.
