**James Cook** What an amazing time we had at the campground. The walking trails were great and the lake itself is absolutely beautiful! We camped and brought the boat. If you buy a map of the lake and have a boat you can find your way to 5, if I remember correctly, waterfalls that run into the lake that you can get to by boat. Some you have to really get into the coves to see but well worth it. The kids loved it. The water is ridiculously clear and the fishing isn't too bad by the cliffs next to the dam.
