Dear Nikki,

It takes only seconds for malware, like the latest ransomware, **to infect and hijack sensitive information on your agency's network!**
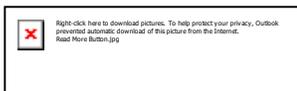

But with HughesON™ Managed Security, your agency can **safeguard your network and its data, minimize the time to respond to threats,** and **save administration costs!**

Protect Yourself Against the Data Hijackers with HughesON™ Managed Security:

- Highly secure network services and remote access

- Full range of PCI DSS-compliant WAN services to help secure PCI certification

- Wireless PCI Intrusion Detection, and Protection services

- State-of-the-art encryption

- Extensive managed firewall services

- Centralized network architecture reduces security threats

Ready to protect your agency from these real and debilitating threats? Call us at **1-888-373-0133** or let us know how our representative can **contact you.**

Learn about the Hughes technologies that deliver advanced threat protection.
