I don't have names for the individuals, but the firm's name is Dayco Products LLC (they go by "Dayco") and the location was in Walterboro, SC. The event was to commemorate that Colleton County had just become the 3rd county in SC to be certified. It was held on April 28, 2014. Here are a few bullets about the firm that were included in the Governor's briefing that morning. Thanks.

I would like to send in this photo. Do you think I might be able to get a little context around it? Possibly the name of the facility and names of the folks that are in the photo with her?
