February 4, 16

Dear Governor Haley,

I am Ella and I am Carson.
We are doing a Project on
South Carolina. We are reSe-
searching info about South
Carolina, and then creating a
Parade float to represent
our state. We learned a lot.
here are 3 interesting facts
we learned. 1. the Population
of South Carolina is 4,774,839.
2. South Carolina is unknown for
rice and swamps. 3. South Carolina
Produces more Peaches than any-
were in the Country. Those
were some facts we learned.

If You can write us back please
Send us some Shells from Myrtle
beach. We would like to put them
on our float. Please write us back.
Sincerely, Ella, Carson
