I Lost my wife to this Awful disease. Now I raise my 10 & 3yr old daughters alone. I wish I knew "The Truth about Cancer" along time a go. My beautiful wife may still have been here.

I'm signing this petition in support of all the courageous RMC fighters and most specifically for my 16yr old nephew Xavier Powell who was diagnosed with stage IV RMC in Jan 2015. He has been through numerous chemo regimens, MRI's, CT's, bone scans, surgeries, injections and blood test. Just one of his injection medication he needs every week cost \$5000 per shot. Like many other RMC fighters he was initially diagnosed incorrectly. Education about RMC needs to be spread worldwide for healthcare providers and sickle cell carriers. Knowledge is power and ALL lives matter! I encourage all to sign this petition to help save our current RMC fighters and future fighters!!
