Governor Nikki Haley  
South Carolina State House  
Columbia, South Carolina

Governor Haley,

When I told my fourth grade grandson that I was coming to the State House today with the Greenville County Farm Bureau Women, he said "Do you think you will see Governor Haley??!!" and I replied, "Well, you never know". He said, "Nana, please tell Governor Haley that I am studying Government if you see her" and I told him I sure would.

My grandson, Mac Dawsey, attends Bells Crossing Elementary School in Simpsonville, SC and I wanted to ask you if you could please send him a written response that you were made aware of his request for you to know that he is studying Government and enjoying it. Governor Haley, I am sure any kind of note or letter from you would stay with this little boy forever, and who knows, it might just be what could spark him to go into politics himself when he grows up. By the way, he is also is a fellow Clemson Tiger who has never missed a home football game since he was born.

Thank you in advance for anything you might be able to do for him. With children of your own, I am sure you know how grandparents don't mind "asking" for our grandchildren.

  
Sandy Lindsey  
Greenville County Farm Bureau Office

MAC DAWSEY  
117 Pond Terrace Lane  
Simpsonville, SC 29681

\*\*\*I just found out that his big Government test is today, the day his Nana is visiting the State House\*\*\*
