Hi Mr. Comey,

I haven't heard back from you or anyone else at the FBI. I've contacted various* FBI and United States federal agencies via telephone, mail and/or web form(s) to no avail...what so ever. Not even a single response...

I'm still receiving countless threats to my life by identified (see attached screenshots showing threats to my life made to me, via my Facebook account -<http://fb.me/craigh> - BY one person, also gay... - Kenneth Chase Carnes - who references my stolen laptop, a Lenovo Yoga 3, that ran Ubuntu at the time it was lost or stolen...and still was or is given his own messages!). My laptop went missing in an incident whereby a group of people trying to KILL ME, never-stopping..by which I have NO ESCAPE... on this occasion...knowingly USED the Easley City, SC (Pickens County) police department to arrest and illegally detain me (PERSONALLY, purposefully and cruelly unjustly manipulating local LE to their own end) FOR 2 weeks in April/May 2016.

As well as unidentifiable and unidentified people posing to be you, the FBI, President Obama, secret service, friends and family (listed below). My family is likely 100% involved, yet continue to lie, decieve, and hurt everyone they come across...and continue to torture me and everyone that I come across.

Please help. Again, I've got no where else to turn and my parents explicitly told me to never call "911" from within their home ever again...so, now I'm on the run without a home, still unable to receive help from law enforcement -- state or federal, or even make or keep friends or family anywhere I go...

I'm basically dead to the world. And it's their world, not mine. And all I've tried to do is live and let live...

Help...I'm alive. And have no one to turn to. No matter where I go, who I'm with, etc. they're always here. Hurting me, torturing me, killing me and whoever I'm with. No matter who they are or what they do...

There's no escape, there's no "Justice," there's no "law" that's ever enforced for or against me. It's my own living Hell On Earth that they've imprisoned me in to torture every day of my life after I moved back to South Carolina. My own worst nightmare from which I can't wake up... Terror. Night. Or Day. 24/7/365.

Help. Please!

*Department of Justice - Vanita Gupta & Loretta Lynch's offices on multiple occasions via web form, snail mail and telephone;

*FBI @ Charlotte, NC "public email list" in November 2015; FBI 1-800-CALL-FBI hotline five plus times between October 10-15, 2015; FBI Columbia field office on multiple occasions in 2015-2016 etc.

*FBI ic3.fbi.gov 10+ reports submitted (no response); FBI fbi.gov forms submitted multiple times (tips, report a crime, etc...);
*FCC, FTC, DHS
*etc.

Hi Jim,

I've been subjected to over six months of cruel, unusual and particularly gruesome torture – of mind and body – by members of my family and any of their friends that they've chosen to involve. After moving to South Carolina in June, my life and my lifestyle were subjected to the absolute control, manipulation and torture by these hate filled individuals...my puppeteers. I have no control over my own life, ability to stop these terrorists, and absolutely no life, liberties or the persist of happiness (or anything at all). To me, the American Dream is dead and will no longer live on for those after us...

I've been constantly surveiled via hidden video cameras and audio devices, stalked and bullied (online and off), constantly harassed and tortured over my sexuality (gay), sexual partners (who they observe), sense of privacy and safety taken away in a fashion that guarantees that I'll never feel any sense of privacy or safety anywhere -- ever again, and made fear for everything that I believe in, believed in and may become as an individual. I'm an American citizen and my rights as a human being, as well as a citizen of this "free" country, have been stripped of me without any just, legal or proper cause... My existence, my friend's existence and my own beliefs can't be my own.

This is the worst human rights violation, civil rights violation and crime against any human being in the history of our race. I have no where to turn -- and my life is being ripped away from me by people that I love... Due to sheer hatred, apathy and bigotry. They will stop at nothing to obstruct justice, hurt me or kill me and be anything but family or friends.

Can you please direct me to anybody that may be able to assist me?

S.C.'s Governor, SLED, SCEMD, Greenville County Sherrif's Office, Anderson County Sheriff's Office, Easley City police, Pickens County Sheriff's Office, York County Sheriff's Office, Mackleburg County Sheriff's Office, Abbeville County Sheriff's Office and Charlotte City police have and were all involved in this hate-fueled campaign that only aims to hurt, sabotage and eventually destroy my life and anyone around me...

Thank you for your time. I can't stop these less than human people and they will not stop at anything to watch me suffer, die and hurt without end AND ensure the same happens to everyone that I meet. They are PURE EVIL and I need help to live and survive....

Please, please help... ASAP.

Craig
