We need to repeal "right to work" law.
We need to expand Medicaid.
We need to increase "minimum wage."
We need to stop sucking "hind boob" in South Carolina.
The legislature seems to be a "cess pool" of corruption.
We need a government of the people, not the current SNAFU.
Gov Haley must be a disappointment to the majority of women.
As a woman governor, Gov Haley is disappointment.
All the South Carolina politicians should resign from ALEC.
