One SC

The grants committee awarded \$420,000 in another round of grants last week for the following items: \$80,000 for mold remediation, \$280,000 for general rebuild and repair, and \$60,000 for furnishings. The grantees donated an additional \$4.5 million in supplies and labor. These funds will help an estimated 200 homes in 20 counties. After this round, the fund balance is down to approximately \$100,000. The next round of grants is not scheduled at this time.
