> Pull up his obituary from state paper and it tells you a lot. He would be so proud of the fact that a letter came from governors office. You can email it back to me and I will have it printed. He was appointed sheriff and served 19 years. Policeman. City council, fib agent. He received the order of the palmetto in 1993 by gov Campbell. He dedicated his life to bishopville, lee county and the state of sc. There is no way I could tell you everything. He is probably the most respected man in sc. Everyone loved him and he was very proud of his county ,city and state. He was also a fireman and he organized the rescue squad in 1961 and built it up to what it is now . He was also a photographer and had his own plane looking for marajuna. He kept law and order in the city and county. Wish we could talk. You would have loved him! There are so many more things he did. He thought nothing of giving someone money in need. Everyone respected him and they always had company. It is hard to explain. His deputies loved him and knew he meant business. And got the job done.

> Also he was a Christian that loved his lord. He was humble and that is unusual for a law man. He also had a love for animals and he made provisions for these dogs before he died. All 7 of them. He was not materialistic he would rather do something for someone else.

> Guess you know about the lizard man that has reappeared. People from all over the world came to his house writing stories and there were several clips on the turner channel with him in it. A book just came out in the last year about the lizard man. That put bishopville on the map. He was a one of a kind man and will be missed by all. Not just in sc but other states too.

> Hope this helps but if you could do this. Nothing would have made him any prouder.

> Thank. You for calling me

> I am his niece and took care of him.

> My phone no is843-687-6100.
