## **Live Webinar: Person Centered Services for People with Dementia through the Framework of Maximizing Independence at Home program**

**Thursday, July 9, 3:00 PM - 4:00 PM ET**

A few slots are still available to join the National Alzheimer's and Dementia Resource Center (formerly the ADSSP National Resource Center) for a webinar focused on the program Maximizing Independence (MIND) at Home.

Webinar participants will learn how to apply evidence-supported care practices when working with people with dementia to determine if these practices could delay or prevent the need to move from home to another setting, such as an assisted living facility or nursing home.
