Subject: Governor Nikki Haley Event

Hi Everyone,

Yesterday was a tremendous outpouring of support! Governor Haley was uplifting and informative. She was sharp on the issues and answered each question directly without hesitation. She took time afterwards and greeted everyone that waited on line to speak with her.

We had about 500 people show up to hear Governor Haley speak.

Hi Everyone,

I can't begin to tell you how important these events are and showing up in numbers sends a huge message to our representatives. **THANK YOU!!!**

Also in attendance were Congressman Mark Sanford, Lt Governor Henry McMaster, State Senator Tom Davis, Beaufort County GOP Chairman Nick Sprouse, Jasper County GOP Chairman Duayne Swygert, Richard Arzillo candidate for Jasper County Councilman and some others that I may have missed while speaking.

But the most important people there were all of you! There is a tremendous amount of prep work that goes into these affairs. Security briefings, setup briefings, tons of emails to write and answer, paperwork to fill out for the space etc. And when you folks all show up it makes every second spent worth it!!! I have not stopped smiling since yesterday!

Now it's time to follow up. **We desperately need folks to volunteer** at GOP Headquarters, to visit and call their neighbors, and anything that you can do to light a spark under your neighbors to get them out to vote. Remember if you don't do it, no one will. It takes all of us to do the job and **job number one is to take back this country!**

In the words of an American hero Todd Beamer, **LET'S ROLL!!!**
