

Honorable Governor Haley

(BRANDT VS BRANDT)
 April 27, 2016 Aiken
 Fudge - Judge County

Yesterday Judge Fudge had appointed atty Brode to go through the process of taking 100 acres known as Clover Rd off 215 in Columbia. My 6 girls had objected to selling their property. They say, I can hardly hear, judge Fudge said that after I make a year here in prison, he would seize their property. Your Honor I'm reaching out to you, I'm in very poor health, please don't let this corrupt system take my daughter's property they have owned since 2003. I married this X in 2006. Judge Shalgrove had tried me in her bias court, saying she didn't trust me no further than she could throw me before we ever got on the stand. Judge Shalgrove said she trusted X because she knew so much. Ms Haley, yes she knew alot because she had planned to take as much as she could before she divorced me. She is 20 yrs younger than I. None of my girls could ever stand her & she did not participate in activities of my grand, no birthday party, no school activities, no soccer, no softball, no beauty contest. She always claimed to be sick, mostly lying over, she drank a fifth of Vodka a day, unreal but true, I never drank or smoked.

Judge Shalgrove announces for Judge Fudge to sentence me in Aiken instead of Beaufort, the county I live in. Judge Fudge doesn't know much about this case, because he fudged through his documents for a long while. All 3 judges seen that this 100 ac in Columbia were deeded to my 6 daughters years before marriage. We had only purchased one property after our marriage. I had already deeded it before court & had already paid her 150,000 in alimony. If this court illegally seizes this property, this will be a crime. I am willing to go to prison to protect my daughters' property.

Your honor, what disturbs me the most is Judge Fuge has appointed my X atty Brad Brodie to go through ^{of suggest} this process. I have fired atty Brad Brodie because of several of his unethical acts months ago. I don't know if I told you this, Chief Justice's husband atty ^{tools} William Law firm was representing the Hooding Law firm where atty Jack Suerling appeals habeas Corpus & acts of Judge Paul Burl & kangaroo court in Allendale. All the lawyers from all sides knew this conspiracy was happening. When we found out about it I informed Dick Harpootlian & atty Jack Suerling. The Supreme Court ruled in favor of Habeas Corpus, then atty James Huffer appeals Habeas Corpus to the federal court & we won. Your honor my family has spent over 1 million fighting a felony which high court I as a misdemeanor. I went to Columbia to SC Judicial Merits Commission April 26, the day before Judge Fuge's court. It clearly looks to me a conspiracy has come to life again, because I spoke out the truth. (Atty Jack Derrick will not answer my atty E-mails or calls for 45 days)

My X wife is in gov on-going S&B investigation when she has embezzled over 300,000 of wife partnership money. My lawyer says I can't mention this. One of the reasons I fired atty Brad Brodie because X had taken \$66,000 in 2009 of partner's ^{proper accounting} ~~limited money~~ I told atty Brodie the first day I met him ^{he never did} this & we must have discovery and discover what's happening. He was already gotten \$15000 up front & he was afraid of this atty Jack Derrick. Your Honor, I'm desperately reaching out to you, please help my family & I. Please don't let the state of SC destroy my family. If I never reward you, my God well.

(I went to mediation ^{got lost} & having Vertigo, plus being co-harassed by Brodie & mediator)

Sincerely,
Donald Leland
