Dear Grantees and Partners:

Have you or your Aging Network colleagues worked to build successful partnerships with state agencies or other service providers in the Intellectual and/or Developmental Disabilities network?

Did you develop dementia-specific cross-training programs?

Did you build a program, service or event to improve the dementia capability of services for persons with Intellectual and/or Developmental Disabilities and/or their caregivers?

The National Alzheimer's and Dementia Resource Center is working on a new Issue Brief in this topic care and would like to share your experiences.
