---

Kathy,

I agree. I released your September flow through this morning. I am waiting to hear about your internal. I will try to push that through soon.

Tony

**Subject:** SLRCOG Request for Payment

Hi, Tony:

Thanks so much for meeting with Dr. Mikota and me today. I think our time was very productive and hope we can find some different ways to approach aging service delivery in the future!

I misspoke this morning when I said we were paid through September for all except our internal request. We haven't received either the internal or flow through payments for September; however, your office didn't get them until Oct 21<sup>st</sup>, so I don't really expect payment for those yet. The August internal report is the one still outstanding that I'd like you to check on. My apologies for the error!

Thanks,  
Kathy
