Holly,

I can actually say, at this point, we do have the dream team here...with a few more key additions(lawsuit monitor, data analyst,inspector general, training director), we are going to have the leadership structure to move things forward. We got the heart...just need more brains, and management skills... And, most of all, a sense of urgency!! Since you have all 3(plus integrity), you are a prime draft choice.

Thanks, Susan. You know I think DSS has one of the most important missions in state government, so I'm looking forward to the meaningful work. And, as a bonus, I love the team and looking forward to rejoining it!

Holly,

See attached the concept paper we developed. I don't know how helpful it will be for your Dad, but it would at least give him an idea as to what we would be looking for in developing a program for youth aging out of foster care.

BTW...in all that talk yesterday about money, billing and politics, what I didn't tell you is that I'm really looking forward to our working together again...it really makes me smile(and breathe a little easier) to think about your leading our lawsuit compliance efforts. I am looking forward to August 9, when Holly re-joins our ranks! Onward and upward!!

Thanks,
