As the federal fiscal year winds down and you plan out your final IT purchases for the next six weeks, we remind you that the procurement process shouldn't take an Act of Congress to complete. For more than 20 years, DLT Solutions has made technology procurements easy as we understand and have become experts in the unique challenges of this time of the year.

There are three key reasons agencies continually turn to DLT:

- Ease of procurement when working with DLT contracting specialists and use of DLT's [more than 40 IDIQ and BPA contracts](#) including, GSA, SEWP V and DoD ESI.
- DLT established strategic partnerships with [more than 30 leading and emerging IT companies](#) including Oracle, Amazon Web Services, Dell Software, Red Hat, Autodesk, Google, Informatica, SolarWinds, Symantec and Veritas.
- DLT expertise in government technology requirements and technical counsel on the best options for Cybersecurity, Cloud, Application Lifecycle, Digital Design, Business Applications, IT Consolidation and IT Management solutions.

For more information or to get a quote your way, give us a call (800.262.4358), email (sales@dlt.com) or talk to one of our government procurement specialists via [chat](#).
