How disgusting, as a white (which should not matter, but it sure as H.F.U. does to the radical, racist, rich white trash of the wretched Tea Party, the current paleont, whining Ku Klux Klan without the hoods, they are so bold & brash and ignorant, they have no shame to support Donald Trump, a certifiable lunatic whose Muslim remarks are far more dangerous as any existing foreign terrorist. And where are you, a gutless Governor, who is silent because you obviously are trying to put yourself in line for V.P. if that unprincipled, rude, crude imbecile gets to become a candidate. Unless the whole population of my beloved country goes mad, or are so lacking in morals and character, they will suck up for payments from similar bigoted freaks like the Koch Brothers, Mr. Adelson and who the hell knows who else, when the Supreme Court (now the Extreme Court) sold the poor, minorities, the middle class down the River with this bullshit of untold money from who knows who. Well, Missy Nebke, I'm afraid when that complete ASSHOLE said he would consider a woman for V.P., unless, unknown to the general public, you "put" it, bet the house on it, he's got his eye on the biggest mistake in history, the losing Tea Party V.P. Candidate, how could McCain win with the albatross of the pompos, arrogant, snobby, quitter, loser, radical, racist, holier, lotter, foray, rocky motor mouth, air head

P.5 By the way, I'm a registered Republican who  
voted for both Presidents Bush, the latter with guilt  
for my one vote (voted framed is B.S., a ploy to disen-  
franchise the poor & minority) helped put him in office  
and the WROTB Wars. I have vowed to never, ever  
vote the G.O.P. again, since the Tea Party has kept  
my old G.O.B. gutters & hostage and the Party of "No"  
"alleged" shut Tea Party Priests and the  
apple of Dean Hannity's (the scumbag over  
paid, much over valued radical, racist pig)  
eye, Sarah Palin. It shows the lack of morality  
and character of those who support Trump,  
he can't even manage his own household, especially  
the bedroom, isn't he on his third wife and  
slobbering over Palin, so unless you lie as much  
as he and quickly get a book published  
as she was the source of "The Life of Sarah  
Palin" and spread your legs as wide as  
she is "alleged" to do for a black (no less)  
basketball player and "alleged" to have had  
an affair with her husband's business partner,  
you are out of the potential loop. Please  
God, save our Country & get STUPID people  
like those from South Carolina to wake  
up & smell the stench & DUMP TRUMP.  
Likewise, Iowa & New Hampshire. Boy, I  
thought Evangelicals were good people, Moral  
base, yet they support the most irritating  
wacko, a billionaire made on the backs of  
thousands of casino workers in Atlantic City, N.J.  
why is that NEVER mentioned. As the head  
of state in S.C., do you not realize that  
next to Christianity, Muslim is the largest  
religion, only a very few are terrorists, but as  
hole Trump has put a bulls eye on all over the  
world by inciting violence from all Muslims and  
yet your state & several others have made a hero  
out of him. Don't you think it's about time you give up  
your own personal hunger for elevation to V.P. and  
get off your sorry ass & warn your constituents about Trump.
