On behalf of our church, and outreach ministry, I convey our sincere appreciation for your support and volunteer service from Aug-2013 to Apr-2016. Your 40 plus hours of volunteer service assisted our ministry in the assembling, gathering, packaging of household goods needed for our local low income brothers and sisters in Anderson, SC. Over \$2,000.00 was raised in different forms of donations made this possible and your help in gathering and disseminating these items greatly improved our community morale and unity.

In addition, your 45 hours of volunteer service in counseling at Well of Hope Drug and Rehabilitation Center changed lives for years to come. Late night traveling over an hour each way demonstrated your dedication in helping these less fortunate communities. Your 15 hours of counseling at Barnes Christian Ministry demonstrated this also.

Your hunger for God and Love for our community reflect highly upon Passion Church and our city and we cannot express our thanks enough.

Sincerely,
