Good Afternoon,

Attached is the agenda (including call-in information) for our conference call on **Thursday, January 31st, at 10:30 AM EDT.**

I have also attached several other documents that you will need to have for our conference call.

1. Minutes from our last conference call. Please review for any needed corrections as one of our agenda items will be to amend and/or approve these minutes.
2. FINAL DRAFT of the amended AAMVA Model Law on Low Speed Vehicles from the Low Speed Vehicles Working Group. This is an information item only at this time, but will require final approval by the Vehicle Committee when we meet again in March.
3. Summary of committee member responsibilities.

Finally, one of the agenda items is a discussion of possible FY09 working group projects or activities. Please be prepared to discuss your ideas on possible activities that could be chartered by the Vehicle Committee. Again, no final action will be taken during this call, but, at the March meeting, we will need to finalize our thoughts on what projects should be proposed for consideration as AAMVA begins the FY09 budgetary process.

Thanks,

Keith
