Besecker

**Attn: Jamal**

**My name is Janet Besecker. I'm contacting you in regards to the Section 8 Lottery Housing Voucher Program. I would like your consideration in this matter so that I can make my life more manageable. In August my husband passed away and due to his unexpected passing my financial situation has changed considerably. We had been living on two incomes clearly now reducing me to one income and I'm on disability. My rent costs are reasonable however, they consume the majority of my income, leaving me with scarce financial resources. This is of immediate concern as I'm desperate to receive rental assistance from Section 8 so that I can avoid losing my apartment where I feel safe and have built many memories with my husband, which helps me emotionally through this very difficult time. Also, my neighbors are my only family. Having to leave this location would be detrimental to my safety and health and I have no place else to go. This Section 8 Program is accepted by my landlord.**

**I have met with my local housing authority and the necessary paperwork has been completed to apply for the Section 8 Lottery Housing Voucher Program but, I'm looking to you to help ensure that I can stay in my apartment by securing my application as a recipient for the Section 8 Lottery Housing Voucher.**

**Thank you for all your consideration.**

**Sincerely,**

**Janet Besecker**
