Cyndy,

The letter went in the mail this morning. I attach a copy for your reference.

Val

Subject: RE: One more try - international license information

Val and Annie,

I have good news! The letter that you sent this afternoon will work. It only needs one very slight change. In the paragraph about the rumor, the time period they heard was 90 days, not 30 days. Given that such period is not required by statute, I didn't think it would be a problem to change. So if you could make this change and then forward an executed copy, that would be great.

I have explained in my email to the Volvo rep, the possible penalties if someone does not get a license once they are a SC resident.

Below is language from the email from the Volvo rep that I wanted to pass on:

On the topic the feedback from those that went through the process of getting a SC driving licenses have very good experience from dealing with the Ladson DMV office. We have been very well taken care of and they are supportive with the administration required which is very helpful. If you are able to forward this feedback to DMV we would be grateful.

Thanks to all of you who helped to resolve this issue!!! The Volvo representatives intend to recommend that all of the reps and their families obtain a SC license, but this letter has relieved a lot of stress and has allowed them to focus on the more important tasks at hand.

Thanks again!

Cyndy,

Annie is in my office and we have drafted the attached letter.

Please call us at 6-9902.

Thanks,
Val

That sounds like a good plan. If you are out of your meeting by 4:30, please call me at 737-0095. If it is after that, please call my cell at 360-7379.

Thanks!!

Hello Cyndy,

Val is on his way to the Senate and I am currently in a meeting. However, I can give you a call afterwards so you can update me on the information you learned yesterday. Then Val and I will give you a call tomorrow to discuss Title 56.

Whatever works for you is fine.

Thanks,
Annie

Annie and Val,

Do the two of you have a moment to talk this afternoon or in the morning? I would like to update you on the information I learned yesterday. Also, I have spent the morning reviewing Title 56 of the SC Code and have a few questions and ideas about our next step.

Thanks!

Cyndy,

Val and I sat down on Friday and made a few minor changes.

For the letter we deleted "no longer meets such provisions and becomes a permanent" and added "effectively becomes a"; and we deleted the last paragraph since it's not needed. Everything else you added in the letter we can live with.

Also, Mr. Young requested earlier that the letter go out under Mr. Laganelli's signature. So we also made that change.

On the website information, we removed the example because we felt that was causing a lot of confusion. Your changes in the first paragraph are fine.

Please provide your comments on modified language

Regards,
Annie Phelps

Annie and Val,

I have made one more attempt to try to make changes that would be acceptable to DMV but also provide comfort to the international employees of Volvo. Please take a look and let me know what you think. I have not shown this language to anyone at Volvo, so I don't know if it will give them complete comfort but hopefully it will at least help.

I appreciate your help.
