Myrtle Beach State Park hosted its 7th annual Take a Kid Fishing Tournament on Saturday. 30 teams participated and every child caught at least one fish! 74 fish (11 different species) were caught and all were released. We are indebted to our volunteers who ensured the kids and their families had a fabulous time. It was a fun day spent outdoors with kids while showing them how to be responsible anglers. Check out Park Manager Jerry Ives helping a young angler with her catch!

Kristine Woodruff Sasser Nice fish. What happened to the ranger's hand?
