The Honorable Nikki R. Haley
Office of the Governor
1205 Pendleton Street
Columbia, South Carolina 29201

Dear Governor Haley:

Good job! During the troublesome travels of hurricane Matthew, we watched and listened to you and the governors from our three neighboring states pass to their publics, information, recommendations, and pleas for common sense.

Your clear, succinct messages were, in our judgment, far more powerful than those of the other governors. Yours was effective leadership, and we were proud of you for it.

If only you were a Democrat! But we can't have everything.

Most sincerely

Sally & Warren Kimball
