Governor Mike Haley,
Thank you for your help. I have opened
up more since I have asked you "what to do
if a high school band teacher is bullying a middle
school student. Because that year I was being
bullied by a high school band teacher. So thank you
so much.

Your help and generous support contributed greatly to the success of my Eagle Scout project. Much appreciation goes out to you not only from me, but also from those who benefited from my project. I couldn't have done it without you!

To make a dream a reality takes time, dedication, hard work and
the generous support of others.
