Governor,

Below is the information about Jamie Brock, the fire fighter who stopped the 14 year old. FYI, Mr. Brock did not appear in the afternoon press conference. He had a statement read by the Chief stating that the teachers and principal were the real heroes. The Chief's number is below too.

Below is what we have been able to put together based on our records. We have been unsuccessful in reaching anyone locally to comment or confirm.

Mr. Jamie W Brock
