Subject: #SaveTheNEA ~ Website email from Mindy Manzano

Lt. Governor Bryant, I work for the City of Charleston Office of Cultural Affairs (OCA) in Charleston, SC, who's mission it is to promoting and fostering excellence through artistic expression, thereby enhancing the quality of life for all of Charleston's citizens regardless of social, economic, or physical considerations. The OCA strives to provide access to the arts for all citizens and plays an important role in producing and/or supporting programs that educate, inform, and inspire through a wide variety of cultural activities that celebrate creativity and diversity, contribute to the area's economic development, and underscore Charleston's reputation as an international cultural destination. Without the support from the NEA our local artists would have no voice. Please reconsider the President's budget proposal, which calls for the elimination of the National Endowment for the Arts. Save the NEA and everything that it stands for! Mindy Manzano
