Governor Niki Haley  
1205 Pendleton St.  
Columbia, S.C. 29201

Dear Governor Haley: This is in regards to Felma. Back when we had all the rain + flooding, I had heard you on T.V. talking about whether you had insurance or not to contact FEMA. The lady was asking me all these questions, but, I actually <sup>was</sup> calling for my son Kenneth A. McClanahan. He lives at the address I gave them. He owns the Mobile Home, but, I own the property. He gets his mail at my address. I am his ~~guardian~~ guardian. He is on disability, SSI Check \$733.00 - He got hurt in a hit & run Moped accident. Never did find out who hit him. and I don't think they tried. But, the lady I talked with was misinformed about the whole situation + so was I. I guess I didn't present it to her the way it really was supposed to be. But the 2 different address is what they were looking at. Hope this not a bother to you.

Called FEMA Oct-10th, 2015

The only person I heard from was  
Vach asking about Mold + Mildew.

And he called the 2nd time. I told him  
there was Mold + Mildew but, I had  
all repairs done, and the mold + mildew  
had been taken care of. I just wanted to be reimbursed  
for what I had spent. Said, I had to call FEMA.

4 trees that was grown together had  
fallen on Mobile Home, the ground was  
so wet + trees were so heavy. The Mhome  
was leaking in several places. Had to put  
buckets in those spots to catch the rain.

I Had the trees removed, because I  
had not heard from FEMA, I kept waiting +  
waiting. I just thought they were so overloaded  
they would come out later. Kenneth's Address

My son heard about lots of people  
were getting lots of Food stamps.  
He didn't get any.

Then a friend of mine said,  
they had Food stamp give away at  
the Civic Center, (one day.)
