**Subject:** GSA Schedule eRemote Program - Summer Sale.

---

Hello,

Considering or currently pursuing a GSA Schedule contract? Interested in expediting the process? Consider the advantages of using a systematic GSA Schedule development program, designed to shorten the development process and remove the much of uncertainty inherently associated with a project of this nature and scope.

The *eRemote* Schedule development program is HLC's most popular program. For the Month of June and July we will offer a discount "Normally" eRemote Cost is \$ 5,495.00 For June and July Only we will discount that cost to \$ 4,000.00. Some Restrictions Apply.

**Program Benefits;**

- Clearly defined program costs
- Clearly defined time investment for completion
- Schedule Template provided
- Subject matter experts guide you through an efficient process
- Flexibility, work at your pace.
- Unlimited access, online collaboration tools provide 24/7 access to all project work
- Freedom, work anywhere, anytime. All it requires is an internet connection.
- Transparency, 24/7 access allows you to track progress minute by minute.

**How the eRemote Program works**

A GSA Schedule Specialist will act as your project manager (PM). Your PM will set up your schedule template and provide you access to all the proposal documents using online collaboration tools. All team members working on the project have 24/7 access. Your PM will provide you instruction and direction for completing each component of the proposal, so you spend your time accomplishing tasks quickly and efficiently. Your PM is available to you, by phone, email and through online meetings. Every time a team member revises any section of the proposal, the PM receives an automatic notification and provides timely feedback.

When the work is complete, your PM walks you through the proposal submission process. Now you can celebrate!

Contact me if you have questions or would like more information on any of our programs.

Visit us online to review other GSA Schedule Development programs, Federal Proposal services, and available federal contracting training.

Regards,

**Robbie Watlington**
